Republic of Moldova
Moldova Emergency COVID-19 Response Project
Project ID No. P173776
Ref. no.: MD-MHLSP-174716-CS-INDV
Assignment Title: Civil Works Engineer

The Government of the Republic of Moldova has received financing from the World Bank (Bank) toward the cost of the Moldova Emergency COVID-19 and intends to apply part of the proceeds toward payments under the contract for Civil Works Engineer.

With this purpose, the Ministry of Health, Labor and Social Protection seeks to contract an experienced individual local consultant to provide assistance to the MoHLSP in day-to-day project implementation activities related to the refurbishment of Intensive Care Therapy Units of the public hospitals from all over the country.

The Consultant will fulfil the following tasks:

- Develop annual plans of action and related budget, drafting design briefs for the work to be carried out;
- Make site visits to the objects in construction/reconstruction, to monitor the construction works (control of quality and volume of works when necessary) and to report (in written form) to the responsible official in the MoHLSP about the performed works at each separate object.
- Identify consultants to prepare designs and cost estimates, specifications and tender documents, approving and taking over work carried out by consultants, representing the Infrastructure Working Group in the process of evaluating tender bids for the designing and construction works and developing the evaluation reports of these bids;
- Develop bidding documents for the tenders related to construction works;
- Check the Certificates for the accomplishment/completion of the construction/reconstruction works;
- Participate in the Infrastructure Working Group at the reception of the completed works and in final taking over of works at the end of defects liability period;
- Keep the correspondence with the contractors with the purpose to successfully implement the Project objectives;
- Other tasks of the Consultant.

The Civil Works Engineer will be responsible for assisting the MOHLSP in coordinating the following activities: the development of TORs for the accomplishment of the planned activities, the presentation of facilities' plans, actions and investments recommended to the MOHLSP.

Consultant qualification criteria:

- University degree in the area of constructions (civil and industrial constructions).
- At least 5 years of experience in construction and technical supervising of construction.
- Knowledge of methodologies and evaluation and supervising procedures of the construction works.
- Proven ability to work in well defined and structured situations and in the context of multi-disciplinary teams.
- Familiar with standards, norms and rules in force, regulating construction in Republic of Moldova.
- Be familiar with the quality control procedures of the designs and construction works,

- Working experience as a designer will be an advantage;
- Knowledge and practical experience with simple software applications (Word, Excel, PowerPoint, Internet).
- Knowledge of English will be an advantage.
- Working experience with the international organisations (World Bank) will be an advantage;

Available to pay site visits on the territory of Republic of Moldova..

The Communication Consultant will work on a full-time basis.

Deadline for presenting the Expressions of Interest is November 15th, 2020, 24:00 at the e-mail address: natalia.belicov@msmps.gov.md, indicating the assignment title.
